Dear Sir:

In response to the Final Office Action mailed August 9, 2004, wherein pending claims 1-14 are finally rejected, Applicant respectfully requests favorable reconsideration in view of the remarks presented herein below.

On page 2 of the Office Action, the Examiner objects to claims 1, 6, and 10 for allegedly containing an incorrect limitation. More specifically, the Examiner asserts that the phrase "wherein a refractive index of the overcoat layer is adjusted to make incident light be perpendicular to a surface of the cholestric liquid crystal filter" is not correct. According to the Examiner, if there is no constraint on the angle of incident light upon the overcoat layer, then the limitation is always true. Furthermore, the Examiner asserts that the incident angle of light must
